Travel and Explore.
 Experience the
 Beauty of a
**REAL Jamaican
 Family Vacation.**

**A family vacation at the
 all inclusive Pebbles Resort
 is an authentic
 Jamaican experience.**

Un-regimented and free, we've created an environment that takes full advantage of nature's gifts and the culture of Jamaica. Gardens full of flowers, an untouched bay, the Caribbean Sea and green mountains surround you. Just 30 minutes from the Montego Bay Airport, come to Jamaica and experience a Jamaican family holiday, spiced with adventure.

Spacious cedarwood and pine cottages stretch along a 600' beach. Challenge your kids to a game of tennis, participate in a friendly soccer game, take a family walk down the beach, kayak, snorkel, windsurf or sail. Scuba is available and is the BEST diving in Jamaica. Enjoy authentic Jamaican cuisine, play soccer, cricket, marbles, learn how to cook Jamaican foods, sample our exotic fruits, or just relax in a hammock on our beach.

Learn about the island's rich history and experience the ecology of the sea and its coral reefs. Find out why the Caribbean Sea glistens and dances in the richest blues imaginable. With family fun all day and spirited entertainment every night, Pebbles Resort is an all inclusive family resort for everyone.

VACATION NANNY

On arrival, families with small children are assigned their own Vacation Nanny, who will be Mom and Dad's Vacation Assistant. She is highly trained and is on hand to take care of the needs of your family all day long. Warm, attentive and friendly, she respects your privacy and will be there only when needed.

Should you wish, she will keep your kids entertained by taking them to daily activities, making sure they are fed at mealtimes and do the little things such as rinsing out their swimsuits, brushing their hair, etc.

Your family's nanny will join in and have lots of fun with you and your kids at the activities — and at the end of your vacation, she will feel like a member of your family.

BE PAMPERED, CAREFREE AND ENTERTAINED

Every night, enjoy live music as you sing along to Bob Marley's melodies at the Main Bar/Piano Lounge, enjoy cabaret entertainment, native shows or karaoke. With the kids entertained, meet great people and enjoy tropical drinks by the swim-up bar, play tennis with our pro, tone up and get fit in the workout gym or enjoy an ocean-side massage at the spa. Take the time to learn how to sail, snorkel and wind-surf or just laze around by the jacuzzi — it's right on the beach. Scuba diving is available and it's the BEST diving in Jamaica. There's so much to do on a Pebbles holiday!

Cuisine at Pebbles is exceptional. There's an abundance of great food from 4 restaurants including the Overproof restaurant, which serves authentic Jamaican cuisine. With all your food, drinks, recreation, entertainment and kids taken care of — it's a no hassle, no bother Vacation.

CHILDREN

It's a team effort as, along with Mom and Dad, Coordinators and Vacation Nannies assist to ensure your children from babes to teens are kept busy with activities from beach hikes, to looking for tree frogs, to telling scary stories around a beach bonfire. The Yellow Bird Kids Club is open from 7am-10pm daily, bustling with fun and great programs. Arts and crafts, theme parties, beach games, movie nights and reggae dance contests keep them busy from morning till night. At the end of the day, The Kidz Buffet (Dinner) is a work of art and a great meeting place for the kids to mingle as their fun and entertainment continues with our animated coordinators.

TEENS & PRETEENS

Pre-teens and teens are special here. Cool activities like camping out overnight, fishing, soccer and cricket clinics with a professional, a game of beach volleyball, enjoying great fun on our 100' Big Red slide, cycling in the mountains or a hike on miles of untouched beach are just a hint of what's in store for a busy and active vacation. Or they can chill out in their games room with computers, Xbox 360's, Wii's, ping-pong, pool or foosball games.

They will meet new friends, learn about reggae music and enjoy a tour to a town that got its running water before New York City did! At the end of it all, they will trade email addresses and keep in touch.
